PROFILE

I am a highly dedicated and motivated individual, ready to apply my creativity and drive toward advancing both my professional career and personal development. With a strong work ethic and positive outlook, I welcome new challenges and embrace innovative approaches. My passion for learning and growth is a constant motivator, and I look forward to making meaningful contributions as part of a new team.

TECHNICAL SKILLS

- Competent in HTML, CSS, JavaScript, TypeScript, Python, Swift and Kotlin
- Experience with front-end frameworks and libraries such as React, jQuery, Vue.js, and RESTful APIs
- Proficient in a range of design tools, including Canva, Figma, Miro, and Adobe Creative Cloud applications such as XD, InDesign, and Illustrator
- Well-versed in MS Office Suite
- Experience with using Mac, Linux and Windows systems

SOFT SKILLS AND ATTRIBUTES

- Strong listening, verbal and written communication skills, coupled with excellent interpersonal abilities
- Proven ability to operate effectively within dynamic and collaborative environments, demonstrating teamwork and active participation in team dialogue
- Adaptable and capable of working independently in fast-paced, constantly evolving settings, with a good ability to self-manage
- Effective time management capabilities, balancing multiple tasks while organising and prioritising assignments
- Skilled in analysing, interpreting, and solving complex problems
- Dedicated and reliable, possessing a strong work ethic
